

Suspension of Fume Cupboards and BBQ Exhaust (Zone H and Zone EC)

This notice concerns all areas in zone H & EC laboratory users.

Fume cupboards (FC) and local exhaust points (BBQ) will be shut down by CMO/BSD contractor (JEC) for remodeling and optimization of the laboratory exhaust system. FC and BBQ operation will be interrupted on the specified days. Please arrange to shut down all exhausted equipment and do not plan any hazardous operations. HSEO advises that all chemical cabinets be kept closed and to stay away from the affected labs if possible.

Would DSOs and lab coordinators please kindly alert and remind all staff and students of this program and to plan their work accordingly. Contact Mr. York Lam of CMO/LS at ext. 6293 if further information is needed.

Item No.	Date From	Date To	Affected Service	Zone	Affected Areas
1	Saturday, 8 February 2025	Sunday, 9 February 2025	BBQ exhaust	H	2211-2214, 2216-2220A, 4230, 4230C
