

### **Temporary Electricity Suspension at Library and LG5 (McDonald's and Student Amenities/Offices) on 31 May 2025 for Electrical Improvements**

Dear Members of HKUST,

During recent periodic testing and inspection, CMO identified some deficiencies in the electrical distribution system serving the area shown in the plan below, which includes the Library and LG5 (McDonald's and Student Amenities/Offices). To address these issues, electrical improvement work is scheduled for 31 May 2025, Saturday, from 7:30 am to 12:00 noon. This work aims to enhance the safety and reliability of the electricity supply.

As a result of the power suspension required for the electrical improvement work, the following facilities in the affected areas will be temporarily unavailable.

- All lighting (both normal and essential), power sockets, air-conditioning, mechanical ventilation, fire services, EV charging facilities, CCTV surveillance, security systems and water supply systems (both fresh and flushing).
- Auto-door and e-lock control system. Door may become unlocked during power outage, so we recommend that affected departments/offices use mechanical keys or additional locks to secure the doors as needed before the outage.
- Internet, network equipment, Wi-Fi access and computer workstations.
- Lifts (L7, L9 and L34) in the library and escalators (E13 and E14) between LG5 and LG7 canteen.

If you have any questions or need technical assistance, please feel free to contact Mr. TS Cheung at extension 6560.

We apologize for any inconvenience this may cause.

Best Regards,  
Campus Management Office
